

Notice

VA Form 7, “Application for Appointment as Cadet Orientation Pilot,” is an **OBSOLETE** Form. The appointment of orientation pilots and AFROTC Orientation Pilots is now handled completely through MIMS. The data should be first entered on the Pilot Summary Form, VA Form 6, and then in MIMS. The item should be validated first by the unit commander then by the Group Commander and then it will appear at wing level for validation. After the Wing Commander or his designee validates the appointment, the Pilot’s Data will show ACTIVE for the Orientation Pilot Entry(ies).
