COVID-19 Remobilization of the Membership Plan – Phase II

This plan has been developed for Virginia Wing, using the template provided by the Civil Air Patrol National Headquarters to enter Phase II, Resuming One-Day Special Activities.

NOTE: Deviations from the template are authorized, but should be coordinated by contacting the COVID-19 Planning Team at COVID-19Plans@capnhq.gov.

Narrative Summary of Coordination and Events To-Date in VA Wing:

(2.9.1) VAWG reverted to Phase I on 1 Feb due to rising COVID numbers and the Virginia Governor's restrictions limiting gatherings to a maximum of 10 people until 28 February 2021.

Updates:

On 22 Feb, VAWG was cleared to move back to Phase II with the caveat the VAWG would follow the stricter guidance on size of gatherings---be it CAP's or the Governor's.

On 1 Mar, VAWG will continue in a modified version of Phase II following the Governor's updated limits on gatherings: All in-person meetings will remain at 10 attendees while the limit for outdoor activities has been increased to 25.

COVID-19 Remobilization of the Membership Plan – Phase II

VAWG Phase II Remobilization Plan Details

Review of the Data for Virginia

- Covid Act Now shows a downward trend for daily new case counts (32.0 per 100K and dropping on 17 February)
- Covid Act Now shows a continuing decline in the infection rate
 - o Has remained below 1.0 since 17 January
- Covid Act Now shows a continuing decline in positive test rate
 - o Has remained below 10% since 12 February
- Covid Act Now shows only 70% of ICU beds are being used. This percentage is decreasing.
- Covid Act Now is also now trending vaccination rates. As of 17 February, 12% of Virginians have had their first vaccination.
- Since Covid Act Now lags behind by a few days in reporting the data, the Virginia Department of Health website is also referenced for the latest data. (<https://www.vdh.virginia.gov/coronavirus/>)

(2.9.3) As a result, Virginia Wing proposes resuming Phase II on 21 Feb 21 while adhering to the strictest guidance on size of gatherings---be it CAP's or the Governor's.

If the downward trending continues, **phase III could potentially begin four weeks later.**

Current State Guidance (2.9.2)

Currently the state is in a modified phase two with a restriction limiting groups to 10 people. The 10-person executive order is set to end 28 February 2021. The Governor has also announced he is encouraging students to return to school in-person on 15 March 2021. Guidance is found here: <https://www.governor.virginia.gov> and the latest executive actions can be found here: <https://www.governor.virginia.gov/executive-actions/>.

NOTE: On 1 March, per the Governor's orders, Virginia's 10-person limit on indoor gatherings will remain in place while the limit on outdoor gatherings will be raised to 25.

Wing Training Events for Phase II (2.1 & 2.1.1 & 2.2)

The annual wing-wide planning meeting was held on 13 June and the Virginia Wing calendar for fiscal year 2021 was established. All members are encouraged to add the shared calendar "Wing Calendar" to their outlook or calendar application to view

upcoming activities. Major activities between the directorates (CP, AE, ES/Ops) and input from group commanders on large group & unit activities were deconflicted to the greatest extent possible. Some activities (summer Encampment) are currently planned as in-person as we currently predict to be at phase III or further by the date of the activity. Activity leaders have been asked to help virtualize components and consider hybrid options. Updates will be provided as necessary closer to the activities.

Events and Priorities Input - Director of Aerospace Education (2.1.2.1)

No wing AE activities are currently scheduled. Squadrons may conduct AE activities as needed in compliance with wing command guidance and state restrictions.

Events and Priorities Input - Director of Cadet Programs (2.1.2.2)

Spring Encampment has been cancelled. The wing cadet competition has been postponed. The next major wing-wide activity on the horizon is Encampment in August.

Events and Priorities Input - Directors of Operations (DO) & Emergency Services (DOS) (2.1.2.3)

The March Wing SAREX has been cancelled. Current focus is on in-person/small group “line level” training at the squadron/group level while continuing to follow CAP and state COVID-19 guidelines. Interest in virtual ICS 300 & 400 courses is being garnered.

Events and Priorities Input - Director of Professional Development (2.1.2.4)

While virtual training is ongoing, there are no in-person professional development events currently planned for Spring 2021 while VAWG is in Phase II of COVID-19 Remobilization.

Events and Priorities Input - Plans and Programs Officer (2.1.2.4)

The 2021 Wing Conference and Change of Command is scheduled for 9-11 April. It is being planned as a hybrid event with in-person participation dependent on the current phase.

Operations (2.11)

The following flight operations are authorized for VAWG during Phase II (2.11.1):

- A7 and C7 CAPF5 and CAPF91 Flight Evaluations
- A12, B12 and C12 Pilot proficiency sorties flown IAW CAPS 71-4 & CAPS 71-5, including both powered and glider proficiency sorties.

who don't know they have it. For this reason, Virginia Wing of the Civil Air Patrol is continuing to follow the recommendations of the CDC on how to keep our members, families and our communities healthy.

Activity directors and unit safety officers should review the CAPF 160s Phase II template to be sure COVID-19 risks are considered and mitigated. Please visit <https://www.gocivilairpatrol.com/members/cap-national-hq/safety/covidrm> for updated guidance including a "5Ms for COVID-19 Risk Decisions" to help identify all of the hazards and some guidance to help with planning. See

Unit safety officers, health services officers, and leadership should emphasize continued use of face coverings, disposable gloves (during cleaning), and hand sanitizer, as well as social distancing, hand washing and surface cleaning/disinfection. See below for the steps and related guidance for activities/meetings that occur during phase two.

A unit meeting or activity of 50 or less individuals during phase II as permitted by the VAWG phase II plan shall incorporate the following steps and guidelines (as previously required by phase I, with additions). Unit commanders would also be considered as activity directors for their one-day meeting or activity (2.8):

1. Complete a CAPF 160/160S for the proposed activity. (Collaborate with other units in your group for best format or contact remobilization team if further assistance is required).
2. Confirm facility availability. Consider the following: Can the proposed facility support social distancing? Are you able to avoid crowding? Are you able to reconfigure the seating areas appropriately? How will you control the 50 (or less)-person limit (participant count includes any attending non-members such as parents and guests)
3. Unit Commander (or designee) obtain unfunded VAWG mission number (Excel sheet).
4. Acquire appropriate supplies for screening, distancing, and disinfection.
 - a. See recommended supplies list on next page.
